TO: ALL MEMBERS.

RE: HOMA BAY COUNTY SHA OPERATION UPDATE AND COMPREHENSIVE LIST OF EMPANNELLED FACILITIES.

On Friday, 19th June 2026, the Teachers Service Commission Director for Homa Bay County, Homa Bay Social Health Authority (SHA) Operations Manager, SHA Secretary, and Kenya National Union of Teachers Executive Secretaries for Karachuonyo, Homa Bay, and Suba, together with myself as the Kenya Union of Post Primary Education Teachers Executive Secretary for Homa Bay Branch, held a consultative meeting regarding the operations of SHA in Homa Bay County.

During the meeting, we discussed several challenges affecting SHA service delivery, including:

1. Health facilities that are still co-charging teachers.
2. Network challenges during login and logout processes.
3. Cases of accredited facilities turning away teachers.
4. Challenges related to outpatient capitation.

The SHA team committed to looking into these concerns. In the meantime, members were advised to promptly report such issues to the Operations Manager for immediate intervention whenever they arise.

The SHA team also shared the list of empaneled health facilities in Homa Bay County, and discussions were held on ways to improve service delivery within these facilities.

SHA continues to face numerous challenges. As Kenya Union of Post Primary Education Teachers Homa Bay officials, we remain committed to intervening and supporting members as we await further direction from the national office on long-term solutions.

Attached is the list of empaneled facilities, as well as the contacts of SHA Operations Managers across all counties.

Yours faithfully,

Thomas Odhiambo Okoth.
